Date: **1 June, 2024**
Employee ID: **59132**
Name: **Archito Biswas**

Dear Archito Biswas,

As you are aware, we continue to take steps to enhance our professional services and their delivery. As a part of this we have taken several initiatives including a modernization and simplification of our storefront and strengthening of Capability Enhancement Centers (CEC).

This will make it easier for Deloitte entities to best serve our market and align our clients.

As a part of this transformation, we have mapped practitioners to the new storefront and CEC 2.0 effective 1 June 2024. You will also receive letters pertaining to your movement as applicable.

Following are the details pertaining to you:

Business (L1)	Technology & Transformation
Service Line (L2)	Engineering, AI & Data
Offering (L3)	Engineering
CEC 2.0	No

Please note that there has been no impact on your Grade (Career Level) as part of this change.

In October 2024 the storefront changes will be affected Globally and at that point there may be a few changes to designation nomenclature to align with the businesses which will be informed to you, however none of such changes will impact your grade.

FY24 appraisals shall follow the earlier announced timelines.

Regards,
Talent Team
